One and Two Family Dwelling Automatic Fire Sprinkler System Compliance Verification

In lieu of providing an automatic fire sprinkler system in accordance with Subsection R313.2 of the 2012 International Residential Code as adopted by Harford County by Bill 11-51, the following documentation is hereby submitted for review and consideration in accordance with Exemption #2 of the Code.

Address: _____

R313.2 Exemption #2

"An automatic residential fire sprinkler system shall not be required for a new one- or two-family dwelling constructed on a lot served by an existing service line from a water main to the property line that is less than a nominal 1 inch size or a lot subject to a valid unexpired public works utility agreement that was executed prior to March 1, 2011. For a property to qualify for an exemption due to an undersized existing water service line, the water service line must be (1) approved and owned by the public or private water system that owns the mains, (2) installed prior to March 1, 2011, and (3) fully operational from the public or private main to a curb stop or meter pit located at the property line."
